There's no doubt we all want perfect hair while we enjoy the activities we've planned this summer. But when we're on vacation, we'd rather not spend our time on styling our hair and instead be at the beach and enjoy the summer sun. What if we said you can get fab vacation hair without having to take out much of your time? Scroll down for 6 easy and amazing looks that will have you out the door and by the water in no time.

1. HALF UP TWISTED BACK

One can just not go wrong with a little half up action. From just above each ear, take about an inch of hair and twist them back into a small clip.

2. LOW BUN WITH A BRAID

Begin by sectioning off a large chunk of hair from the top of your head and clip it to the side. Take the rest of your hair into a low pony and twist them into a bun. Secure them using the bobby pins. Now braid the sectioned off hair and take it down to the side of your head. Finish by pinning it into the low bun.

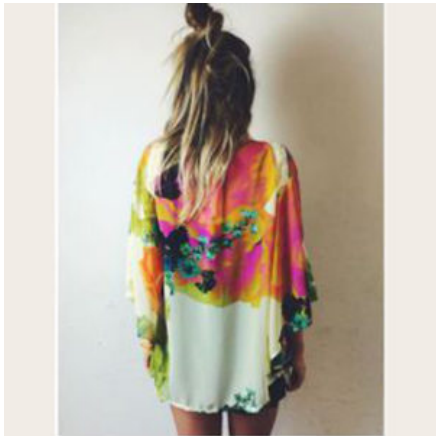

3. MESSY PONYTAIL AND BRAID

This being very similar to the low bun and braid, begin by sectioning off a large chunk of hair on the top of your head and clip it to the side. Pull the rest of your hair to the middle of your head into a messy ponytail. Now braid the sectioned off hair and take it to the side, back towards your ponytail.

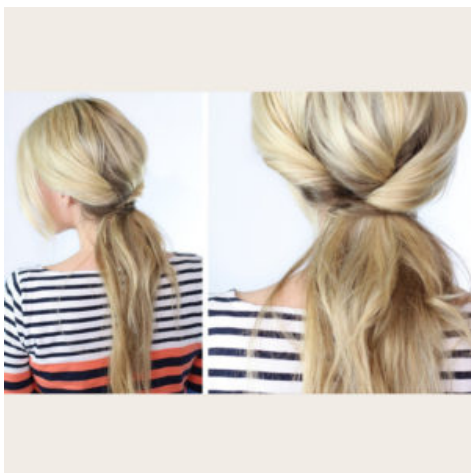

4. HALF-UP TOP KNOT

Pull the hair above the temple area and put it into a slightly teased pony tail. Secure the pony tail with an elastic band. Now create a bun shape with the slightly teased ponytail and wrap it around the elastic band. Finish off by securing it with a bobby pin.

5. TWISTED PONYTAIL

Start by clipping two sections of your hair on either side of your face and putting the rest of your hair into ponytail. Separate the side section into three equal parts. Now starting with the lowest section, twist the hair up and put it around the pony tail. Repeat for the remaining section and secure using bobby pins.
